

SENATE OF BAY STATE AROUSSES INDIGNATION

Exposition Appropriation Made
Conditional Upon Treatment of
Massachusetts Citizens.

POLITICIANS WANT THE NEGRO VOTE

Sentiment is Against Permitting the
State to Participate in Celebration
Unless Offensive Amendment is
Stricken Out—House Not Expected
to Concur.

Surprise and considerable indignation was felt here yesterday when news came from Boston that the Massachusetts State Senate had amended the bill appropriating \$50,000 for participation in the Jamestown Exposition by inserting a proviso that the governor of Massachusetts "shall first be satisfied that the citizens of Massachusetts will be treated in Virginia as well as they are in their own State."

The bill now goes back to the House, but a special from Boston says that the House will refuse to concur in the amendment. Members of the House openly charge that Senator Cox and other politicians interested in the negro vote are responsible for the amendment and Representative Haynes, of Lowell, is quoted as declaring that the action of the Senate evinces lack of confidence in the citizens of Virginia and that rather than have the "rider" attached, the House will simply kill the bill.

A dispatch from Richmond says there is considerable feeling at the capital over the matter. Sentiment there is said to be in favor of preventing Massachusetts from participating in the exposition at all unless the offensive action of the Senate is rescinded.

CROWDS INCREASE IN SIZE

Business Men's Meeting and Afternoon and Evening Services All Well Attended Yesterday—Rev. D. S. Henkel's Report For Daily Press.

(BY REV. D. S. HENKEL.)

The union meetings are now assured as to their success. Dr. Munhall has proven himself decidedly a favorite, and is fast entrenching himself in the hearts of the people. His splendid scholarship and great versatility of mind, now challenges admiration of all thinking people; and, at the same time, his forceful logic and persuasive eloquence is appealing to the minds of the masses, and fast winning them to his message. Prof. and Mrs. Lowe, by their most excellent music, add much to the richness of the services.

The men's meeting at Trinity Methodist church yesterday was well attended and much interest was shown by those present. Dr. Munhall was quite happy in his remarks, and those present manifested a very high appreciation of the same. Every Christian a preacher, was the thought emphasized at this meeting.

The meeting at 3 p. m. was a most (Continued on page three.)

Michaelson Bros. CLOTHING THAT DIFFERS FROM OTHERS

In a majority of cases you will find that particular attention is paid to the fabric used in the construction of Clothing, when as a matter of fact more stress should be laid upon the manner in which the garment is made. Clothing made of an inferior grade of goods if well made often times gives good service, but if made of good material and poorly constructed is absolutely worthless.

Michaelson's is a particular store. We carry a particular stock. Our clothes are the kind people desire to wear. Every garment is well made and of good material—a combination not usually found in ready-made Clothing.

We have made it a rule to offer nothing that is not up to the standard of quality that will give satisfaction. Patrons can always depend on receiving full and liberal values in whatever they purchase here.

Clothes for young men, adapted to their taste—"smart". Clothes for older men—men who do not care so much about extreme style, but want to be well dressed.

We can please them all.
